You will be gathering all the information we have reviewed during the semester in a 3-ring notebook. This notebook will be something you can use in the future for a reference.

**Materials Needed:**
1. A 3-ring notebook
2. Printouts of all notes, practice problems and projects
3. Divider tabs (optional)

**Requirements for Notebook:**
1. You should have a cover page, with the course title, also indicating my name, website and phone number
2. You should have a table of contents, which includes each topics’ name and number along with all subsections with names and numbers
3. The topics covered should be ordered by section
4. The practice problems should be neatly completed and follow their section
5. The labs (or projects) should be at the end of each section
6. The quizzes should follow the projects at the end of each section
