Asmeret Meresq

English language center is very important to international student. Because it direct us, the way of living social life, people understanding American pronunciation, and other thing. When I come back to my self, I used to take English class in my country, but when I got here I could image how difficult it is to understand people when they talk, it was like I did not know anything. But after I went to English language center everything have been changing. Now I can understand American pronunciation and I learned a lot of grammer. At that time I was not like this, I did not understand the way they talk because the class I took in my country was british accent. So, English language center helps international student to become successful in there education as well as social life.
