{intro} {consent_fill} topics may be sensitive for you, and you can decline to answer any question.
Most participants find the survey to be interesting with a chance to talk about things that matter to
them. Which questions are asked depends upon your answers to other questions. The interview takes from about 60 to 90 minutes for most people.

(IF NEEDED: We can break up the interview into different sections if that will make it easier for you.)

Your participation is voluntary. However, all information that you provide will be kept in strict confidence. It is important to us to protect your privacy. All participants’ answers are combined, and presented in the form of summary statistics, such as tables and graphs.

Parts of this interview may be recorded for quality control purposes. This will not compromise the strict confidentiality of your responses. May I continue with the recording?

The next few items concern some public issues.

The first issue is global warming. Global warming means a trend toward warmer temperatures throughout the world, with more extreme weather in many places and changes in food production that could affect our way of life. Some people believe that the burning of gasoline and other fossil fuels causes global warming. Others say that global warming has purely natural causes.

The next few items concern some public issues.

The first issue is federal income taxes. Some people say that reducing income taxes almost always helps the economy grow. Others say that reducing income taxes has very little long-term impact on economic growth but could cause a big increase in the deficit. Please look at Card E9. IF ASKED: A stock option is a right to purchase stock at a set price for several years into the future, typically ten years. For example, one stock option at $10 means that you can purchase your company stock for $10 anytime over ten years. A stock option does not include a
plan in which there are periodic deductions from payroll to set aside money to purchase shares at the end of an offering period. That is typically called an Employee Stock Purchase Plan.

IF ASKED: "Vested" means that you own the stock option and can exercise it at any time and "unvested" means that you have to stay with your company a certain amount of time until you own the stock option and can exercise it at any time.
