The Paul Harris Theater Lobby

Project Created By:
Michelle Warner

ABS 643
The Problem
The Problem

- The Theatre Entrance is uninviting
- It does not look like an entrance
- There is nothing that draws the patrons in
The Problem

- The only light in the Main Doors is this Wall Sconce
- There is no focus to draw you into the theater
The Problem

- Going down the stairs you are subjected to this fixture.
- You can clearly see the bulb in the fixture.
- It is blinding.
The Problem

- The Wall Sconces lead you to the door backstage, not the entrance to the theater.
- The Ceiling is illuminated and there is no focus.
The Solution

- Keep the Existing Fixture
- Add two Focusable Recessed PAR20 Fixtures to Highlight the Doors
- This will move the hotspot and draw patrons in
The Solution -- Fixtures

- **Model No:** TR-P403
- **Width:** 4.88"
- **Lamping:** 1 X 120V / 50W PAR 20 E27
- **Details:** 4" 120V HOUSING REQUIRED
Problem / Solution

- Problem: Lighting is inadequate in the entrance area.
- Solution:
  - Remove existing fixtures.
  - Create a focal point.
  - Directly install new fixtures inside the front doors.

The Solution

- Remove Existing Fixture
- Add a Focal Layer to the added Art Piece
- Add In Ceiling Recessed Fixtures
The Solution -- Fixtures

- 6" STEPPED BAFFLE PAR 30 TRIM
  - Finish: White / Black Baffle or White / White Baffle
  - 6" 120V OR 6" PLC HOUSING REQUIRED
  - LAMPING: 1 X 75W 120V BR30 OR PAR30
The Solution -- Fixtures

- Item Number: LSI-LS1116PBS
  Manufacturer: Lite Source
- Department: Art Picture Lights
- Category: Down Light
- Style: Transitional
- Family: Stargate
- Finish: Brushed Brass
- Shade: Size: 10" high
- Bulbs: Includes (2) 20 watt Halogen
- Item Detail: 10" depth from the wall
- On-off switch
Problem / Solution
The Solution

- Remove Existing Fixture
- Continue In Ceiling Recessed Fixtures
- Add Two More Art Pieces with Focal Lighting
- Add a Wall Sconce on the North Wall
The Solution -- Fixtures

- Item Number: GEO-P458-617
- Manufacturer: George Kovacs
- Department: Wall Sconces
- Category: Up Light
- Style: Contemporary
- Family: Finish: Bronze
- Shade: Heat Burnt Glass
- Size: 16" high x 8.25" wide x 4" ext.
- Bulbs: Requires (2) 100 watt Medium Base
- Item Detail: Light shines from the bottom and the top of the fixture.
Problem / Solution

In lieu of recessed fixtures
Remove existing fixtures
Replace with wall sconces

Donn Hallway
The Solution

- Remove Existing Fixtures
- Continue the Recessed Fixtures in the Ceiling
- Continue the Wall Sconces on the West Wall
- Use another Piece of Art with Focal Light to Focus Patrons’ attention to the Doors leading into the Theater
Solutions

- Replace the Sconce Fixture where the Bulb is exposed with an Up light and Down Light Sconce to Accent the wall.
- Keep these running down the hallway
The Layers

- There are Three Layers in this Design
  - The Down Light (Recessed In Ceiling Fixtures) to illuminate the path to the Theater
  - The Wall Sconces to Accent the Walls in a pleasing manner
  - The Focal Layer (Art Light Fixtures) to create a Focus for the Space and aid in the leading toward the Theater
Lighting Control – Unison System

- **Product Features**
- 30 "page" touchscreen display
- 640 presets and 180 zones of control
- Individual zone control
- Preset record and selection
- Room combine
- Macro activation
- Custom screens
- Import bitmap images
- Connectorized station termination
- Integral electronic lockout
- Designer appeal
Lighting Control – Unison System

- Unison gives you the options to pick the lighting control station that best suits your space’s unique needs. Any Unison Button, Fader or LCD station can be ordered as a convenient Portable Station.
Lighting Control – Unison System

- This System of Control would allow each layer to have individual control.
- It would be imperative that each Layer be able to Dim and have operation stations in various locations.
- The Portable Stations allow the freedom to make that possible.
In Conclusion

- With the Proposed changes the Paul Harris Theater Lobby will be more inviting to its patrons.
- There is a clear path of fixtures to lead the patrons in the correct direction.
- The flexibility will allow for all the uses of the Paul Harris Theater.
