Student Directions

Important Information

Instructor Name: _________________________________

Section Number: _________________________________

Do NOT purchase a used License Number or Access Code (from other students or online vendors). License Numbers and Access Codes are registered to the original purchaser only.

Registering Using An Existing Hawkes Account

1. If you are retaking this course and already have a Hawkes account for the course from a previous semester, sign in to your Hawkes account at https://learn.hawkeslearning.com and
   a. Click on the + Add Course button on the right side of the page.
   b. Click the Edit button which is to the right of the name of the course you would like to enroll in. Enter your school name and select your instructor’s name and section from the drop down menus.
   c. Click the Save Changes button. You are now enrolled in your current course.

2. If you already have a Hawkes account for a different Hawkes course from a previous semester, sign in to your Hawkes account at https://learn.hawkeslearning.com and
   a. Click on the + Add Course button on the right side of the page.
   b. If you have already purchased your License Number or Access Code for Math 96, type it in under the Add Course section. If you have not purchased a License Number or Access Code for Math 96, click on the Purchase Code if you want to purchase the code from Hawkes, go buy it at the UNLV bookstore, or click on Request Temporary Access, which will give you a payment grace period of 20 days during a full semester and 10 days during the summer sessions.
   c. Follow the instructions given on the website to finish your registration.

Registering by Creating A New Hawkes Account

Go to https://learn.hawkeslearning.com/ and click Create an Account under New User to create an account.

1. If you have already purchased your materials,
   a. Select I have an Access Code or License Number and click Continue.
   b. Enter your License Number (located on the yellow sticker in your materials) or Access Code and click Next Step.
   c. Complete steps 4 through 7 to finish setting up your account.

2. If you need to purchase an Access Code,
   a. Go buy the access code at the UNLV bookstore or select the option I want to Purchase Access and click Continue.
   b. In the box provided type University of Nevada - Las Vegas and click Continue.
   c. From the drop down menu, select Intermediate Algebra for the Math 96 courseware.
   d. Complete steps 4 through 7 to finish setting up your account.
3. If you need a temporary access code
   a. Select I want to request Temporary Access, which will give you a payment grace period of 20 days during a full semester and 10 days during the summer sessions, and click Continue.
   b. Complete steps 4 through 7 to finish setting up your account. If at any point you are asked about the Courseware material you need, it is Intermediate Algebra for Math 96.

4. Fill out the form with your information or confirm the preloaded information.

5. Set your password, time zone, and security questions.

6. Add a profile image if you want.

7. Select your instructor and section from the drop-down menus and click Enroll.

You are now ready to complete assignments for this course!

Explore Your Course

Watch the Video Tour located under the profile menu to learn more about Hawkes.

- The Dashboard includes your course information and the mini To-Do List.
- The To-Do List shows you when you need to complete homework or take a test.
- The Navigation Toolbar contains links to important tools such as your grades, eBooks, the notifications center, and messages.

Complete Your Homework

Each lesson involves three phases: Learn, Practice, and Certify. Use Learn and Practice to learn the concepts and work out practice problems. When you feel confident in the material, move to Certify to complete your homework.

For additional help, go to http://www.hawkestv.com to watch videos on every lesson.
