What: Touring and Research Opportunity in China
http://faculty.unlv.edu/pire/

Who: Open to all Secondary Science Teachers

When: Application portal opens: mid-September 2012
Applications are due: October 1, 2012
Summer institute (UNLV): mid-June, 2013
China field experience: late-June to early July, 2013

Where: Beijing (or other major city) and Yunnan Province

How: This opportunity is part of a National Science Foundation grant. As such, educators will serve as research assistants, researchers, and teacher leaders with the following 4 commitments:

(1) spend 3 Saturdays during the spring of 2013 learning research techniques
(2) participate in a one-week intensive summer institute at UNLV
(3) spend two weeks exploring and participating in field research in China
(4) share your experiences with peers at the 2014 Southern Nevada Math and Science Conference

Spend one week preparing and two weeks touring and doing research in China... Priceless!

Cost to you: 0, ZERO, nothing!
