Instructor: Dr. Robinette
Office: CDC 920 (Central Desert Complex building 9, room 920)
Office Hours: 11:50 – 2:00 Tuesday & Thursday
Office Phone: (702) 895-0363
E-mail Address: michelle.robinette@unlv.edu

Prerequisites: Grade of C or better in Math 181.

Text: Essential Calculus: Early Transcendentals, Second edition, by J. Stewart (Chapters 6 – 9)

Learning Objectives: 1. Solve integration problems using substitution, integration by parts, trigonometric integration, trigonometric substitution, and partial fraction decomposition; 2. Apply integration to calculate the area between curves and volumes of solids of revolution; 3. Determine whether a series converges or diverges by either recognizing that it is a geometric series or a p-series or by using an appropriate test such as the integral test, comparison test, limit comparison test, ratio test, root test, or alternating series test; 4. Apply knowledge of series to (a) determine whether a series converges absolutely, converges conditionally, or diverges and (b) represent a function as power series and determine its radius and interval of convergence; 5. Understand and graph polar equations using polar coordinates and calculate the area of a region bounded by one or more polar curves.

Notes: Note sheets are available from my website http://faculty.unlv.edu/robinette/robinette.html Print your own copy before you come to class. We fill these out together in class. If you miss class, then you are expected to get the notes from one of your classmates. I will not provide notes for days you are absent.

Discussion Session: You are expected to attend and participate in the Friday discussion sessions. Note that all quizzes, exams, and tests are taken during your discussion session. There are fifteen discussion sessions during the semester, eleven of which are for your eleven quizzes, two of which are for your two exams, and two of which are for your two tests. No makeup quizzes are allowed; your top ten of eleven quizzes count toward your quiz score. Makeup exams and makeup tests are only allowed for a justified and excusable reason (see UNLV policy on Religious Holidays and Missed Classes) with verification and with Dr. Robinette’s prior approval. If you have any questions regarding the grading of an exam, see Dr. Robinette at an office hour and she will assess your work.

Calculators: Calculators are not allowed during the exams, tests, quizzes, or the final exam.

Homework: The problems that you should work after each lecture are on the assignment list. These are from your textbook and should be completed in a manner that practices the steps and techniques we use in the notes for class. Problems on quizzes, exams, and tests will be similar to assigned homework problems. Homework will not be collected nor will it be graded.

Quizzes: Quizzes will be taken during your Friday discussion session. Each quiz is worth 10 points (5 points for each of two questions, where proper notation and clear logical steps are required to receive full credit on solutions). There are NO makeup quizzes under ANY circumstances. At the end of the semester, your top ten quiz scores will be added together for your quiz score, worth 100 points. If you have any questions regarding the grading of a quiz, see Dr. Robinette at an office hour and she will assess your work.

Exams and Tests: There will be two exams, worth 100 points each as well as two tests, worth 50 points each. The dates of the exams are February 10 and April 7, and the dates of the tests are March 3 and May 5. Makeup exams are only allowed for a justified and excusable reason (see UNLV policy on Religious Holidays and Missed Classes) with verification and with Dr. Robinette’s prior approval. If you have any questions regarding the grading of an exam, see Dr. Robinette at an office hour and she will assess your work.

Final Exam: The final exam, worth 100 points, is a comprehensive exam and is scheduled for Tuesday, May 9, 2017 from 8:00 a. m. – 10:00 a. m. in our classroom CBC C122.
Grading: There are a total of 500 points available in this course coming from your final exam score, quiz score, two exams, and two tests. Final grades for the course are based on the following percentage scale:

A: [90, 100]  C: [66, 72]
B+: [84, 90]  D+: [60, 66]
B: [78, 84]  D: [50, 60]
C+: [72, 78]  F: [0, 50]

Grades of A-, B-, C-, and D- may be given in borderline cases, where class attendance and class participation will be determining factors.

Attendance: You are expected to attend class regularly. You are responsible for all the material presented and all announcements made on days you are absent.

Tutoring: Tutoring through the Department of Mathematical Sciences is available for this course at the Math Tutoring Clinic, located in CDC 701. For more information including location and hours visit their website www.unlv.edu/math/tutoring or call (702) 895-3567 or send an email to math@unlv.edu.

Additional Miscellaneous Policies

Academic Misconduct—Academic integrity is a legitimate concern for every member of the campus community; all share in upholding the fundamental values of honesty, trust, respect, fairness, responsibility and professionalism. By choosing to join the UNLV community, students accept the expectations of the Student Academic Misconduct Policy and are encouraged when faced with choices to always take the ethical path. Students enrolling in UNLV assume the obligation to conduct themselves in a manner compatible with UNLV's function as an educational institution.

An example of academic misconduct is plagiarism. Plagiarism is using the words or ideas of another, from the Internet or any source, without proper citation of the sources. See the Student Academic Misconduct Policy (approved December 9, 2005) located at: https://www.unlv.edu/studentconduct/student-conduct.

Copyright—The University requires all members of the University Community to familiarize themselves with and to follow copyright and fair use requirements. You are individually and solely responsible for violations of copyright and fair use laws. The university will neither protect nor defend you nor assume any responsibility for employee or student violations of fair use laws. Violations of copyright laws could subject you to federal and state civil penalties and criminal liability, as well as disciplinary action under University policies. Additional information can be found at: http://www.unlv.edu/provost/copyright.

Disability Resource Center (DRC)—The UNLV Disability Resource Center (SSC-A 143, http://drc.unlv.edu/, 702-895-0866) provides resources for students with disabilities. If you feel that you have a disability, please make an appointment with a Disabilities Specialist at the DRC to discuss what options may be available to you. If you are registered with the UNLV Disability Resource Center, bring your Academic Accommodation Plan from the DRC to the instructor during office hours so that you may work together to develop strategies for implementing the accommodations to meet both your needs and the requirements of the course. Any information you provide is private and will be treated as such. To maintain the confidentiality of your request, please do not approach the instructor in front of others to discuss your accommodation needs.

Religious Holidays Policy—Any student missing class quizzes, examinations, or any other class or lab work because of observance of religious holidays shall be given an opportunity during that semester to make up missed work. The make-up will apply to the religious holiday absence only. It shall be the responsibility of the student to notify the instructor within the first 14 calendar days of the course for fall and spring courses (exempting modular courses), or within the first 7 calendar days of the course for summer and modular courses, of his or her intention to participate in religious holidays which do not fall on state holidays or periods of class recess. For additional information, please visit: http://catalog.unlv.edu/content.php?catoid=6&navoid=531.

Transparency in Learning and Teaching—The University encourages application of the transparency method of constructing assignments for student success. Please see these two links for further information: https://www.unlv.edu/provost/teachingandlearning, https://www.unlv.edu/provost/Transparency.

Incomplete Grades—The grade of I—Incomplete—can be granted when a student has satisfactorily completed three-fourths of course work for that semester/session but for reason(s) beyond the student’s control, and acceptable to the instructor, cannot complete the last part of the course, and the instructor believes that the student can finish the course without repeating it. The incomplete work must be made up before the end of the following regular semester for undergraduate courses. Graduate students receiving “I” grades in 500-, 600-, or 700-level courses have up to one calendar year to complete the work, at the discretion of the instructor. If course requirements are not completed within the time indicated, a grade of F will be recorded and the GPA will be adjusted accordingly. Students who are fulfilling an Incomplete do not register for the course but make individual arrangements with the instructor who assigned the I grade.

Tutoring and Coach—The Academic Success Center (ASC) provides tutoring, academic success coaching and other academic assistance for all UNLV undergraduate students. For information regarding tutoring subjects, tutoring times, and other ASC programs and services, visit http://www.unlv.edu/asc or call 702-895-3177. The ASC building is located across from the Student Services Complex (SSC). Academic success coaching is located on the second floor of the SSC (ASC Coaching Spot). Drop-in tutoring is located on the second floor of the Lied Library and College of Engineering TEB second floor.

UNLV Writing Center—One-on-one or small group assistance with writing is available free of charge to UNLV students at the Writing Center, located in CDC-3-301. Although walk-in consultations are sometimes available, students with appointments will receive priority assistance. Appointments may be made in person or by calling 702-895-3908. The student’s Rebel ID Card, a copy of the assignment (if possible), and two copies of any writing to be reviewed are requested for the consultation. More information can be found at: http://writingcenter.unlv.edu/.

Rebelmail—By policy, faculty and staff should e-mail students’ Rebelmail accounts only. Rebelmail is UNLV’s official e-mail system for students. It is one of the primary ways students receive official university communication such as information about deadlines, major campus events, and announcements. All UNLV students receive a Rebelmail account after they have been admitted to the university. Students’ e-mail prefixes are listed on class rosters. The suffix is always @unlv.nevada.edu. Emailing within WebCampus is acceptable.

Final Examinations—The University requires that final exams given at the end of a course occur at the time and on the day specified in the final exam schedule. See the schedule at: http://www.unlv.edu/registrar/calendars.
