Motorists BeAware!

- If you find yourself stuck behind a non-mobile bus, DO NOT change lanes to go around it. You may strike a pedestrian crossing in front of the bus!

- Remember to look for pedestrians and bicyclists before making a right turn on red. Be certain that there is no one in the crosswalk or waiting to cross.

- If your vehicle stops running or becomes disabled, resist the urge to get out. Wait for help to arrive before exiting.
