Bicycle and Helmet Required
Specifically designed to train educators, law enforcement officers and community volunteers methods to teach children the critical walking and bicycling safety skills they need to survive in today's traffic environment. Graduates are eligible for special grant funding.

The Course Covers:

- Methods to teach pedestrian and bicycle safety to children.
- How to conduct community bicycle safety events, large and small.
- Bicycle emergency measures to avoid crashes.
- How to operate a bicycle safely under a variety of traffic conditions.
- Techniques to advise community groups on bicycle and pedestrian safety.
- Ways to identify and utilize available volunteer and funding resources to support pedestrian and bicycle safety programs.
- Major causes of pedestrian and bicycle crashes and their prevention.
- Proper fit and wear of bicycle helmets and major reasons for using them.
- Mini-Grant preparation.
